## To Whom It May Concern,

This letter serves to wholeheartedly endorse the Community Transformation Accelerator Program (CTAP). I have had the privilege of collaborating with this organization for the past three years as a Rotarian and now as the District Governor 9400 which encompass, Botswana, Eswatini, Mozambique and South Africa.

During this time, I have witnessed first-hand, the transformative impact of their work.

The Community Transformation Accelerator Program is a shining example of collaborative leadership and community-driven change. They are dedicated to empowering marginalized small businesses in the Townships, Rural Villages. Their commitment to sustainable development is inspiring.

I have seen the program's positive influence on the lives of countless individuals and communities. Their commitment to addressing social economic inequalities and financial inclusion is immeasurable, their approach is both innovative and effective.

I strongly endorse the Community Transformation Accelerator Program (CTAP) and encourage other Prominent Businesses and Organisation to support their vital work.

Sincerely,

Dr George Senosha
